OUR DATA SOURCE

ELECTRONIC DATA CAN BE PURCHASED AT: WWW.AUTOMOTIVEDATA.CO.UK

The core data for the franchised auto retailer section of **WHO'S WHERE 2006** has been provided under exclusive license to **Auto Retail Network** by **Automotive Data** (www.automotivedata.co.uk) - the leading supplier of franchised retailer databases to the industry.

Trained staff from Automotive Data contact all 5,700 UK new car retailers by telephone every 10 to 12 weeks keeping information as current as humanly possible. Every month they compare completed listings from over 45 carmaker web sites.

With more than 15 years experience collecting such information Automotive Data has identified an average of 3,600 'decision maker movements' each year. Their turnkey update solution makes this the most accurate industry data available and by far the most competitively priced - including accurate names.

The electronic version contains the names of key retail executives, full addresses and contact numbers plus, in many cases, details of ownership or group status.

The resulting data is available to purchase and can be supplied on an annual or quarterly update basis in any format. Technical support is available 24/7.

For more information on Automotive Data, go to www.automotivedata.co.uk or contact Daniel Lee on 01205 760016 (mobile: 07747 772033).

WHO'S WHERE IN UK AUTO RETAIL

is the definitive guide to all major auto retailing locations in the country.

It lists all new car franchised dealers by town and gives contact details, including post-code, phone, fax and name of general manager. It also lists franchises held and ownership details, where available.

The 100 leading auto retail groups are profiled in detail with trading names, franchise locations, senior personnel and headline financial data, where available.

WHO'S WHERE also lists all major used car supermarket outlets, internet sellers and includes a comprehensive listing of all carmaker head office and franchise executives.
